

ATTENTION

Please be aware our Solid Waste By-Laws are under review.
There may be future adjustments to the waste collection calendar.

REPORTING AN ILLEGAL DUMP SITE

When someone deliberately dumps waste on public or private property, they are dumping illegally. This practice is most common in out-of-the-way places like parks, back roads, parking lots, rivers & lakes.

- WITNESSED**
- Write down license plate #
 - Description of vehicle, person(s), items dumped
 - Time & location it happened

- NOT-WITNESSED**
- Be safe and do not touch or remove any items
 - Provide location
 - Give brief description of concern

In both situations, contact Bylaw Enforcement Officers at 902-798-8391; Option #7. Provide your name, address & phone #

HOW TO PLAN A COMMUNITY LITTER CLEAN UP

1. We encourage volunteers to register clean-up events through Nova Scotia Pick-Me-Up 2-3 weeks in-advance. This ensures enough time to coordinate pickup of supplies, and in some cases, have permits approved. → Visit www.nspickmeup.ca/
2. If your cleanup is being held along any municipally-owned or provincially-owned roadway, you will need to complete a permit application. If you are NOT completing a cleanup along a public roadway (such as a beach or park), skip to step 3!
3. After the necessary permits are approved, or if you do not require a permit, connect with your Waste Services Coordinator for your FREE cleanup supplies, and to find out what to do with litter bags after the event is over.
