Our Request

The Impact of Your Support

“ I am passionate about this club as I’ve been a member for over 30 years, our instructors (the very best by the way) and members are not only volunteering their time, patience and energy but have created a family here.

- Brooke, Brielle and Tina Vaters

”

“

I am writing this letter to express my gratitude and that of my family's. HSK offers an inclusive and accessible physical activity program for a wide range of ages, genders and ability. I have personally witnessed positive development of several young people in our community and the welcoming of new immigrants of Hants County.

You are an amazing volunteer run organization and vital to the community and municipality.

”

- Matthew Smith
