To Whom it Concerns and this should concern every Nova Scotian, every Canadian, and anyone who cares about democracy.

I hope and pray that you find the strength to stand up for Nova Scotia, the land and its inhabitants. You are the ones that must look family, friends, neighbours in the eye. You have opportunity to set a path for future generations.

Tim Houston premier of Nova Scotia displays all of the attributes of a dictator, following in Trumps lead.

Tim Houston has eroded our democratic institutions by dismantling communications Nova Scotia.

Tim Houston has eroded democracy by taking away the rights of our local municipality ie windmill setbacks Hants West.

Tim Houston has taken away democratic principles and ability to seek justice ie Everwind Fuels and their purchase of Russian Oil products, supporting American and German headquartered companies to the tune of over 250 million Canadian tax paying dollars.

Tim Houston has increased the concentration of power into his own hands by informing wardens and councillors in our communities to look the other way as he puts into effect his “drill baby drill” platform erasing years of environmental regulations.

Tim Houston has selected a small group of elites to profit ie grape/wine sellers, the Everwind Trent Viche group, chosen construction companies, Sobeys etc.

Tim Houston has suppressed opposition by demeaning “special interest groups, saying they are putting the “no” in Nova Scotia, when in actuality they are doing the research and putting the “know” in Nova Scotia.

Tim Houston is censoring media and employing executive interference to control and manipulate information.

Tim Houston is violating human rights, tearing down homeless encampments, restoring fracking and mining. Nova Scotians have the right to clean air, water and a roof over their heads. Those that do have a roof are facing sky rocketing electric rates making the choice to heat or eat.

Tim Houston has degraded the rule of law in the face of executive power by attempting to take power over the auditor general.

Tim Houston has total disregard for local municipalities.

Tim Houston employs intimidation and harassment of political opponents and opposing voices. Fundraising to quiet them.

Tim Houston has given himself and his cabinet members a 29 percent raise, while members of CUPE are struggling, overworked and underpaid.

Tim Houston has created a volunteer workforce, terming it the Bluenoser way while the rich get richer.

Tim Houston has broken his own laws regarding set date elections because he saw a perfect timing, piggy backing government mail outs, and a postal strike to step ahead of his opponents.

Tim Houston keeps satisfying his own personal agenda of mining and fracking while it was never mentioned in his election campaigns.

Tim Houston must be fired. Anyone in any other job would, should be gone by now.

Just waiting for his increase in the use of security forces.

If you are a member of the PC caucus I would like to remind you of the Nuremberg Trials and “just following orders” is not a valid excuse.

Tim Houston’s actions qualifies him for dictatorship. This is not a rehearsal, the time for action is now, get rid of this bad apple before our land and our people are totally rotted.

Sincerely

Karen Wallace
