Dear Saira,

I hope this message finds you well. I am writing on behalf of the FCM-ICLEI Partners for Climate Protection (PCP) program to let you know my colleagues at ICLEI Canada have completed the review of your reports. It's my pleasure to confirm the District of West Hants has been awarded PCP Milestone one and two for action on both corporate and community emissions. Congratulations!

Your achievement is now listed on the PCP member map and will be mentioned in the next issue of the PCP electronic newsletter. We will prepare an official recognition letter to your mayor and council that you will receive in the coming weeks.

I also encourage you to post a link or copy of your reports to the [PCP Hub](#). This online networking tool for PCP members was designed to help you connect and share best practices with your peers working on sustainability and climate change projects in Nova Scotia and across the country. In the Hub you will also find the [PCP Digital Toolkit](#), which provides press release templates that are downloadable and customizable. You can use these templates to share exciting news about your municipality's participation in the PCP program. If you don't yet have an account on the Hub, you can sign up directly on the landing page.

We look forward to working with you as you develop your climate action plan.

Visit the [FCM's funding page](#) to find out if your project may be eligible for funding. Visit [www.pcp-ppc.ca](http://www.pcp-ppc.ca) for more information about the program events and resources.

Please let me know if you have any questions. On behalf of the FCM-ICLEI Canada team, we look forward to continuing to support and recognize your local climate change efforts!

With good wishes,

Anahi Reyes Gomez

On behalf of the PCP Secretariat
