Information <input type="checkbox"/>	Recommendation X	Decision Request <input type="checkbox"/>	Councillor Activity <input type="checkbox"/>
--------------------------------------	------------------	---	--

To: Mayor Zebian and Members of West Hants Regional Municipality Council

Submitted by: _____
Alex Dunphy, Planner

Date: January 24th, 2023

Subject: Windsor MPS and LUB Amendments: PID 45366432 Cole Drive, Garlands Crossing/Windsor; File #22-05B

LEGISLATIVE AUTHORITY

Municipal Government Act Sections 205 & 210

RECOMMENDATION

If Council wishes to approve the amendments following the Public Hearing, the following motion would be in order:

... that Council gives Second Reading and approves amending the Generalized Future Land Use Map of the Windsor Municipal Planning Strategy to include PIDs 45366432 and 45366457 in the Residential designation and amending the zoning map of the Windsor Land Use By-law to include PIDs 45366432 and 45366457 in the Two Unit Residential (R-2) zone.

BACKGROUND

Property X	Public Opinion <input type="checkbox"/>	Environment <input type="checkbox"/>	Social <input type="checkbox"/>	Economic <input type="checkbox"/>	Councillor Activity <input type="checkbox"/>
------------	--	--------------------------------------	---------------------------------	-----------------------------------	---

A completed application was received from Darren Shupe of Brighter Community Planning on behalf of the property owner, Mainland South Investments, on June 15th, 2022 to request two 4-storey, mixed-use apartment buildings containing a total of 84 dwelling units at PID 45366432 Cole Drive, Windsor.

DISCUSSION

A Public Information Meeting was held on October 13th, 2022.

The public comment period ended on October 28th with no comments received from the public.

On November 10th, 2022, staff presented a recommendation report to the Planning and Heritage Advisory Committee (PAC/HAC) (Appendix A). The committee then discussed the implications of the subject lot being removed from potential industrial development.

During the November 10th meeting, PAC/HAC recommended in favour of the application.

On November 22nd, 2022, staff presented the PAC/HAC recommendation to Council for First Reading (Appendix A).

During the November 22nd meeting, Council had requested staff to provide additional information regarding the suitability of residential development and if the existing supply of vacant and serviced industrial land in the region was sufficient.

Staff Response to Additional Information Request

In response to the concern regarding the suitability of residential development on the subject lot, staff reviewed previously written staff reports (Appendix A). The original recommendation from staff regarding the residential component of the mixed-use proposal was based on the existing development pattern in the surrounding context of the subject lot. Although the subject lot is zoned for industrial use, the pattern of development on Cole Drive appears to be closer to that of a business park with uses such as a grocery store, office complex, hotel, fast food restaurants, and a gas station. In addition, there is a large-scale residential development project in progress on the southwest side of Cole Drive.

In response to the concern regarding the existing supply of vacant and serviced industrial land, staff reviewed the West Hants Industrial Zones Inventory (Appendix B). Staff determined that of the 177.35 acres of vacant industrially zoned properties in the Region, 67.55 acres were similar in size or larger than the subject lot and also located near existing municipal services. Additionally, staff determined that there are 33.55 acres of vacant industrially zoned land which is similar to or larger than the subject lot, located near existing municipal services, and located within 2.5 km of the subject lot.

NEXT STEPS

The proposed amendments have been considered based on the Windsor Municipal Planning Strategy and have proven consistent with the intent, objectives, and policies of the Planning Strategy. As a result, it is reasonable to consider amending the Municipal Planning Strategy and Land use By-law.

FINANCIAL IMPLICATIONS

There are no financial implications to the Municipality with regard to the filing of this report.

ALTERNATIVES

In response to the application, Council may decide to:

- approve the amendment as drafted or as specifically revised by direction of Council; or
- provide alternative direction such as requesting further information on a specific topic.

APPENDICIES

Appendix A 2022-11-10 Staff Report - Windsor MPS and LUB Amendments: PID 45366432 Cole Drive, Garlands Crossing/Windsor; File #22-05

Appendix B West Hants Regional Municipality Industrial Zone Inventory

CHIEF ADMINISTRATIVE OFFICER REVIEW

The comments made in the reports by Planner Dunphy and recommendations speak to the need for an amendment of the strategy and the rezoning of the noted properties to accommodate the potential development. If approved, these amendments will prepare the lands for what is likely to be a Development Agreement application (next steps) in order to achieve the development goals.

“The proposed amendments have been considered based on the Windsor Municipal Planning Strategy and have proven consistent with the intent, objectives, and policies of the Planning Strategy. As a result, it is reasonable to consider amending the Municipal Planning Strategy and Land use By-law.” – Planner Dunphy

Staff have provided additional information pertaining to existing industrial zoned lands within the municipality to help provide a reference or inventory. With respect to the noted lands, the developer has indicated there is an intent to have a mixed use with commercial-like activities on the ground level and residential in the upper levels. A development agreement would be required to achieve this goal (multi-residential) and would be an additional safeguard for Council to ensure a commercial presence is maintained on the property at the ground level vs an exclusive residential development under R2 (Windsor) and R3 (West Hants) zoning as of right, should the amendments be approved.

I support the recommendation for the amendments with the hope the developer will apply for a development agreement as indicated creating the mixed use (Commercial / Multi-Unit Residential)

LEGISLATIVE AUTHORITY

Municipal Government Act Sections 205 & 210

RECOMMENDATION

To allow the requested amendment, staff recommends that the PAC/HAC forward a positive recommendation by passing the following motion:

... that PAC/HAC recommends that Council give First Reading and hold a Public Hearing to consider amending the Generalized Future Land Use Map of the Windsor Municipal Planning Strategy to include PIDs 45366432 and 45366457 in the Residential designation and amending the zoning map of the Windsor Land Use By-law to include PIDs 45366432 and 45366457 in the Two Unit Residential (R-2) zone.

BACKGROUND

Property X	Public Opinion <input type="checkbox"/>	Environment <input type="checkbox"/>	Social <input type="checkbox"/>	Economic <input type="checkbox"/>	Councillor Activity <input type="checkbox"/>
------------	--	--------------------------------------	---------------------------------	-----------------------------------	---

A completed application was received from Darren Shupe of Brighter Community Planning on behalf of the property owner, Mainland South Investments, on June 15th, 2022 to request two 4-storey, mixed-use apartment buildings containing a total of 84 dwelling units at PID 45366432 Cole Drive, Windsor.

PAC/HAC History

During the July 14th PAC/HAC meeting, staff presented an information report on the application for two 4-storey, mixed-use apartment buildings to be developed on Cole Drive. The Committee discussed this report and determined that more information was required, requesting staff to provide an inventory of available industrial and residential lands.

During the August 16th PAC/HAC meeting staff returned with a report with additional information and land inventory maps. The Committee determined that allowing residential uses on the property would not affect the ability of nearby industrial lands to be developed. The Committee recommended holding a Public Information Meeting for the application.

Surrounding Context

The Windsor portion of the subject lot is directly abutting other lands that are designated Joint Industrial and zoned Light Industrial Type Three (LI-3). Nearby, on the south side of Cole Drive are lands designated Residential and zoned Agriculture (AG). Existing uses in this area of the Joint Industrial designation include a grocery store which directly abuts the subject lot, as well as fast food restaurants and a gas station nearer to the intersection of Cole Drive and Wentworth Road. The 101 Highway also directly abuts the subject lot. The Residentially designated land located on the south side of Cole Drive is currently an open field.

The West Hants portion of the subject lot is directly abutting other lands that are designated Joint Industrial Park and zoned Joint Industrial Type Three (LI-3) and is nearby other lands that are designated Residential and zoned Agricultural Priority Three (AR-3). There is an office building which is currently not in use directly abutting the subject lot. Further along Cole Drive in the Joint Industrial Park designation is a hotel and a vacant lot. Highway 101 also directly abuts the subject lot. The Residentially designated land located on the south side of Cole Drive is currently an open field.

DISCUSSION

The subject lot is partially within the jurisdiction of the Windsor Municipal Planning Strategy and partially within the jurisdiction of the West Hants Municipal Planning Strategy. Due to the subject lot being split between the two planning areas, staff, the Planning and Heritage Advisory Committee, and Council must consider the planning documents for both Windsor and West Hants for any potential development on the property.

The subject lot is currently designated Joint Industrial Park on the Generalized Future Land Use Map (GFLUM) of the Windsor and West Hants Municipal Planning Strategies (MPS). This designation is a special joint effort between the former Town of Windsor and former Municipality of West Hants to create an industrially focused area close to Highway 101 on the border of the two jurisdictions. The Joint Industrial Park designation is intended to mirror policies and zoning regulations in each document for all lots within it. The subject lot is zoned Joint Industrial Type Three (LI-3) on Schedule A of the West Hants Land Use By-law and zoned Light Industrial Type Three (LI-3) on Schedule A of the Windsor LUB.

Municipal Planning Strategy Document Review

Policy 16.1.1 allows Council to review and make amendments to the Windsor Municipal Planning Strategy including the Generalized Future Land Use Map. Amendments may be considered when the Generalized Future Land Use Map is required to be changed, in order to bring the Strategy in line with the Statements of Provincial Interest, or when Council deems it necessary because of a change in policy intentions or the development environment. In this circumstance, the proposed amendments align with the Statements of Provincial Interest Regarding Housing and Infrastructure. The proposed amendment also seeks to match the pattern of development in the area surrounding Cole Drive.

Policy 16.3.1 establishes the general criteria that all amendments to the Windsor Land Use By-law must meet. The full list of criteria is included with this report in Attachment A. In summary, the proposal meets the criteria as:

- the proposal is not considered premature or inappropriate for the area;
- no municipal costs related to the proposal are anticipated; and
- the Fire Chief, Development Officer, Manager of Building and Fire Inspection Services, Municipal Project Engineer, and Municipal Traffic Authority have no concerns.

Nova Scotia Statements of Provincial Interest

The Statement of Provincial Interest Regarding Housing seeks to provide a wide range of housing types and opportunities to meet the needs of all Nova Scotians. The proposed development aligns with this interest as introducing a mixed-use apartment building to this area would enable a higher density of residential units to be provided for the community in an area with existing amenities.

The Statement of Provincial Interest Regarding Infrastructure seeks to make efficient use of existing municipal water supply and wastewater disposal systems. The proposed development aligns with this interest as the subject lot is currently vacant and enabling infill development would allow for effective use of existing municipal services.

NEXT STEPS

Discussion by PAC/HAC will be incorporated into the report and presentation to Council.

FINANCIAL IMPLICATIONS

There are no financial implications to the Municipality with regard to the filing of this report.

ALTERNATIVES

The Planning and Heritage Advisory Committee (PAC/HAC) may:

- provide alternative direction, such as requesting further information on a specific topic.

Attachment A – Policy Summary for Amendments to Municipal Planning Strategy and Land Use By-law

Policy 16.1.1 <i>It shall be the policy of Council to review and make amendments to this Strategy:</i>	
<i>(a) when there is a requirement to change the Generalized Future Land Use Map (Map 1);</i>	The GFLUM will be updated Council redesignates the lot.
<i>(b) to bring the Strategy in line with Provincial Statements of Interest; or</i>	The redesignation would address the Statements of Provincial Interest with regard to housing and infrastructure.
<i>(c) when Council deems it necessary because of a change in policy intentions or the development environment.</i>	Although the area surrounding Cole Drive is considered the Joint Industrial Park, much of the existing and proposed development in the area would not be classified as 'industrial uses'. The development environment appears to be moving towards a mix of business park and residential uses.

Policy 16.3.1 <i>In considering development agreements and amendments to the Town of Windsor Land Use By-law, in addition to the criteria set out in various policies of this Strategy, Council shall consider:</i>	
<i>(a) whether the proposal is considered premature or inappropriate in terms of:</i>	
<i>(i) the adequacy of sewer and water services;</i>	The Public Works Department had no concerns with regard to the adequacy of municipal water and sewer services.
<i>(ii) the adequacy of school facilities;</i>	No impact on school facilities is anticipated.
<i>(iii) the adequacy of fire protection;</i>	The local Fire Chief and Manager of Building and Fire Inspection Services have stated that there is adequate fire protection for the building and proposed amendments.
<i>(iv) the adequacy of road networks adjacent to, or leading to the development; and</i>	The Traffic Authority commented that there were no concerns regarding the road network.
<i>(v) the financial capacity of the Town to absorb any costs relating to the development.</i>	There are no anticipated costs to the Municipality regarding this development.

<i>(b) the suitability with any aspect relative to the movement of auto, rail and pedestrian traffic;</i>	The Traffic Authority commented that the subject lot is considered to have safe roadway access to Cole Drive and has no further concerns.
<i>(c) the adequacy of the dimensions and shape of the lot for the intended use;</i>	The Development Officer commented that there were no concerns with the dimensions and shape of the lot for the proposed amendments.
<i>(d) the pattern of development which the proposal might create;</i>	The proposal is in line with the pattern of development as other applications for properties abutting or nearby to Cole Drive to permit residential development are being considered. The Development Officer has no concerns regarding the pattern of the development.
<i>(e) the suitability of the area in terms of steepness of grade, soil and geological conditions, location of water courses, marshes or bogs and susceptibility of flooding;</i>	The site appears to be at a higher elevation in comparison to buildings nearer to Wentworth Road. No concerns were recorded during the site visit.
<i>(f) whether the proposal meets the requirements of the appropriate provincial or federal agencies as well as whether it conforms to all other relevant municipal by-laws and regulations; and</i>	All Municipal, Provincial, and Federal regulations will have to be met.
<i>(g) any other matter required by relevant policies of this Strategy.</i>	All relevant matters have been addressed in this report.

Date: September 8th, 2022

Subject: West Hants and Windsor MPS and LUB Amendments: Cole Drive, Garlands Crossing/Windsor

LEGISLATIVE AUTHORITY

Municipal Government Act Section 205 & 219 (2)

BACKGROUND

Property <input checked="" type="checkbox"/>	Public Opinion <input type="checkbox"/>	Environment <input type="checkbox"/>	Social <input type="checkbox"/>	Economic <input type="checkbox"/>	Councillor Activity <input type="checkbox"/>
--	--	--------------------------------------	---------------------------------	-----------------------------------	---

A completed application was received from Darren Shupe of Brighter Community Planning on behalf of the property owner, Mainland South Investments, on June 15th, 2022 to request two 4-storey, mixed-use apartment buildings containing a total of 84 dwelling units on Cole Drive, Garlands Crossing (PID 45366432) be considered through:

- (i) amendments to the West Hants Municipal Planning Strategy to allow a change in zoning to the General Commercial (GC) zone within the Joint Industrial Park designation;
- (ii) amendments to the West Hants Land Use By-law zoning map to change the zoning for the West Hants portion of the lot from Joint Industrial Type Three (LI-3) to the General Commercial (GC) zone as enabled through the new policy created above;
- (iii) amendments to the Windsor Land Use By-law zoning map to change the zoning for the Windsor portion of the lot from Light Industrial Type Three (LI-3) to the General Commercial (GC) zone as enabled through Policy 8.3.2; and

- (iv) amendments to the West Hants and Windsor Land Use By-law to increase the maximum height of the main building to 45 ft. (13.7 m.) and increase the total allowable residential floor area of the main building to 75% in the Joint Industrial Park designation.

DISCUSSION

The subject lot is partially within the jurisdiction of the Windsor Municipal Planning Strategy and partially within the jurisdiction of the West Hants Municipal Planning Strategy. Due to the subject lot being split between the two planning areas, staff, the Planning and Heritage Advisory Committee, and Council must consider the planning documents for both Windsor and West Hants for any potential development on the property.

The subject lot is currently designated Joint Industrial Park on the Generalized Future Land Use Map (GFLUM) of the Windsor and West Hants Municipal Planning Strategies (MPS). This designation is a special joint effort between the former Town of Windsor and former Municipality of West Hants to create an industrially focused area close to Highway 101 on the border of the two jurisdictions. The Joint Industrial Park designation is intended to mirror policies and zoning regulations in each document for all lots within it. The subject lot is zoned Joint Industrial Type Three (LI-3) on Schedule A of the West Hants Land Use By-law and zoned Light Industrial Type Three (LI-3) on Schedule A of the Windsor LUB.

Surrounding Context

The Windsor portion of the subject lot is directly abutting other lands that are designated Joint Industrial and zoned Light Industrial Type Three (LI-3). Nearby, on the south side of Cole Drive are lands designated Residential and zoned Agriculture (AG). Existing uses in this area of the Joint Industrial designation include a grocery store which directly abuts the subject lot, as well as fast food restaurants and a gas station nearer to the intersection of Cole Drive and Wentworth Road. The 101 Highway also directly abuts the subject lot. The Residentially designated land located on the south side of Cole Drive is currently an open field.

The West Hants portion of the subject lot is directly abutting other lands that are designated Joint Industrial Park and zoned Joint Industrial Type Three (LI-3) and is nearby other lands that are designated Residential and zoned Agricultural Priority Three (AR-3). There is an office building which is currently not in use directly abutting the subject lot. Further along Cole Drive in the Joint Industrial Park designation is a hotel and a vacant lot. Highway 101 also directly abuts the subject lot. The Residentially designated land located on the south side of Cole Drive is currently an open field.

PAC/HAC Discussion

During the July 14th PAC/HAC meeting, staff presented an information report on the application for two 4-storey, mixed-use apartment buildings to be developed on Cole Drive. Upon initial review, I had determined that there were no existing policies to allow for residential uses within the Joint Industrial Park. I had posed a number of questions to the Committee such as if the lot was suitable for a mix of residential and commercial development, if there was enough information to change the lot from potential industrial use, and if it would be reasonable to

allow an increase to maximum height and total allowable residential floor space in a mixed-use development in a Commercial zone. The Committee discussed these questions and determined that more information was required including staff providing an inventory of available industrial and residential lands.

Availability of Industrial Lands

The first request from PAC/HAC was to provide an overview of the industrial land available in WHRM.

West Hants Regional Municipality encompasses 309,672.5 acres (1253.2 sq. km.) (Census profile 2016). Based on estimates made through an analysis of all industrially zoned properties in the Region, there is an approximate total of 650.22 acres of industrial land. This corresponds to approximately 0.2% of the land area of the Region. This includes the Joint Industrial Park, Windsor Industrial Park, lots in rural areas zoned Industrial (M), Hamlet Industrial (M-2), and Resource Industrial (M-1). Of that total, 177.35 acres of industrial designated or zoned land does not currently have an assigned civic number or otherwise appears vacant when cross referencing with orthophotos and site visits (Figure 4). This equates to 27% of the Industrial land within our Region. It is important to note that it is possible that some of the properties included in this inventory may be vacant or undesirable for development due to present conditions on the property.

Based on the WHRM Industrial mapping (Figure 2), there are distinct clusters of industrial land in Hantsport, Windsor, and Falmouth. There is also a number of industrial lots spread out located along Highway 101, as well as some sparsely located along Highway 215. Industrially zoned land with no civic address assigned appears to be vacant and available throughout the Region as a whole. There appears to be a number of lots available in Hantsport, Falmouth, and the Joint Industrial Park. Certain properties in the Joint Industrial Park are likely unsuitable for industrial development due to their lot shape and size. Certain properties in the Windsor Industrial Park may also be designated Dykeland, making them unsuitable for industrial development. The only other developable industrially zoned land near the subject lot is located at the end of Cole Drive and is currently vacant. It is unlikely that allowing a residential use on the subject lot would affect the ability of nearby industrial land to be developed but it may change the use of existing Industrial buildings when owners change or consider repurposing. However, permitting a change from industrial to residential will set a precedent for future applications similar to this one.

Availability of Commercial Lands in Windsor's Downtown

During the discussion by PAC/HAC there were comments on whether allowing commercial/residential development in the Industrial areas would affect the downtown area in Windsor.

To find information regarding the availability of commercial space in Windsor's downtown, I spoke with the Manager of Community Economic Development and a representative from the Windsor Township. There is no formal record kept by either the Municipality or the Township which indicates the availability of commercial space. The Manager of Community Economic Development performed a site visit and determined that there were four properties available

on Gerrish Street, two on Water Street, and one on Albert Street. The representative from Windsor Township had stated that not all of the available commercial spaces in the downtown are suitable for use. Some commercial units are in disrepair that may not be seen on the surface, while other units do not have a responsive property owner to coordinate rental agreements.

Availability of Residential Lands in Windsor

Another part of the discussion during the PAC/HAC meeting was whether there was already an abundance of residential land for mixed use development.

Looking at the residentially zoned properties in Windsor (Figure 5), there appears to be only a small number of available properties which are zoned for higher density residential development and all of them are smaller in size than the subject lot. The rest of the available residential properties would require a development agreement to accommodate higher density development. Certain properties are not zoned or designated for residential uses but allow for residential development through development agreement only (Figure 6). Of those properties, there are only a small number which are a similar size as the subject lot.

Inquiries for Industrial Lands

I sought information regarding inquiries for industrial uses to be located in the Region from the Chief Administrative Officer (CAO), the Manager of Community Economic Development, and an Economic Development Officer with the Valley Regional Enterprise Network (REN). Both the CAO and the Manager of Community Economic Development had not received many inquiries regarding new or expanding industrial uses in the previous two years. It should be noted that this may be due to the pandemic. Of the few inquiries received by the Municipality for industrial land, the only one that was actively seeking a new use was for a property located on the Hants Shore and only one business in the Industrial Park was considering expanding. Other discussions surrounding industrial lands were mainly focused on the lack of interest by certain owners to develop or sell their vacant parcels and concern with the lack of available 'shovel ready' industrial lands. Of the inquiries received by the Valley REN, most did not require or prefer industrial space for their business. There was some interest in industrial space located near Highway 101, but the proprietor was unable to find a suitable space. There were also reports that the pandemic had interrupted plans for some of these businesses.

PID 45366457

This property is included in the recommendations in this report as there is another application (File # 22-17) to consider rezoning the West Hants portion of this lot and the West Hants portion of PID 45190386, the larger lot to the west of this PID to allow residential development. The West Hants portion of PID 45366457 is being considered to be rezoned to Multiple Unit Residential (R-3) as part of that application. Although present WHMPS policies would permit the rezoning without a change in designation, it would be reasonable to consider amending the designation of this entire lot in conjunction with the application on Cole Drive to align with the intended residential use of the lot and avoid separating the proposed residential developments by a small lot within the Joint Industrial designation. PID 45366457 is highlighted in Figure 7.

NEXT STEPS

In response to this report, the PAC/HAC may:

- recommend holding a Public Information Meeting to consider:

Windsor Portion

- amending the map of the Windsor Municipal Planning Strategy to include PIDs 45366432 and 45366457 in the Residential designation and amending the map of the Windsor Land Use By-law to include PIDs 45366432 and 45366457 in the Two Unit Residential (R-2) zone; and

West Hants Portion

- amending the map of the West Hants Municipal Planning Strategy to include PIDs 45366432 and 45366457 in the Three Mile Plains Growth Centre and the Residential Designation, as well as amending the map of the West Hants Land Use By-law to include PID 45366432 in the Multiple Unit Residential (R-3) zone.

FINANCIAL IMPLICATIONS

There are no financial implications to the Municipality or residents with regard to the filing of this report.

ALTERNATIVES

The Planning and Heritage Advisory Committee (PAC/HAC) may:

- amending the text of the Windsor and West Hants Municipal Planning Strategies and Land Use By-laws to allow Council to consider mixed-use commercial and residential development by development agreement in the Joint Industrial Park designation, based on criteria established in a new policy;
- recommend Council not move forward with this application; or
- provide alternative direction such as requesting further information on a specific topic.
