

## Waste collection day will now take place on Fridays in Hantsport.

Changes to the Waste Collection contract will now have recyclables & organics picked up alternately to garbage every Friday.

Beginning April 6th, recyclables and green bins are to be placed curbside for collection with the next collection for these items taking place two weeks later on April 20th, then every two weeks after.

Garbage pickup will take place on April 13th, then again two weeks later on April 27th then every two weeks after. An extra collection of garbage will happen on April 6th to help with the change of collection day.

You will soon be receiving your Waste Collection Calendar which will show all the pick up dates for West Hants. Please follow the "Area 3" schedule.

## Summary of Other Changes in Hantsport.

- ◆ No plastic in green cart (even compostable plastic) and you keep your same cart
- ◆ Clear bags only for garbage. Privacy bag of one small kitchen sized bag inside each large clear bag
- ◆ Blue or clear bags for recyclables
- ◆ Bag limits of 6 garbage, 10 recyclables and 1 cart
- ◆ No spring and fall clean-up. One large non-metal item allowed each garbage week year-round (e.g. sofa, mattress, bundle of lumber)
- ◆ Metal items collected in June (no limit on the number of pieces) with some length and weight limits
- ◆ Friday collection day with garbage one week and recyclables/green cart the next week.
